21 one hundred eighty-five mills on the dollar of the taxable valuation of the district, except that:

- 22       1. In any school district having a total population in excess of four thousand according to  
23       the last federal decennial census there may be levied any specific number of mills that  
24       upon resolution of the school board has been submitted to and approved by a majority  
25       of the qualified electors voting upon the question at any regular or special school  
26       district election.
- 27       2. In any school district having a total population of fewer than four thousand, there may  
28       be levied any specific number of mills that upon resolution of the school board has  
29       been approved by fifty-five percent of the qualified electors voting upon the question at  
30       any regular or special school election.

- 1       3. After June 30, 2009, in any school district election for approval by electors of  
2       increased levy authority under subsection 1 or 2, the ballot must specify the number of  
3       mills proposed for approval, and the number of taxable years for which that approval is  
4       to apply. After June 30, 2009, approval by electors of increased levy authority under  
5       subsection 1 or 2 may not be effective for more than ten taxable years.
- 6       4. The authority for a levy of up to a specific number of mills under this section approved  
7       by electors of a school district before July 1, 2009, is terminated effective for taxable  
8       years after 2015. If the electors of a school district subject to this subsection have not  
9       approved a levy for taxable years after 2015 of up to a specific number of mills under  
10      this section by December 31, 2015, the school district levy limitation for subsequent  
11      years is subject to the limitations under section 57-15-01.1 or this section.
- 12      5. The authority for an unlimited levy approved by electors of a school district before  
13      July 1, 2009, is terminated effective for taxable years after 2015. If the electors of a

29      of electors who cast votes in the most recent election in the school district. However, not fewer  
30      than twenty-five signatures are required. However, the approval of discontinuing such authority  
31      does not affect the tax levy in the calendar year in which the election is held. The election must

2 the first election upon the question of authorizing the mill levy.
