## POSTSESSION ACTIONS

**COMMUNICATION FROM GOVERNOR DOUG BURGUM**

This is to inform you that on April 27, 2017, I have signed the following: HB 1001 and HB 1152.

**COMMUNICATION FROM GOVERNOR DOUG BURGUM**

This is to inform you that on April 28, 2017, I have signed the following: HB 1012, HB 1024, and HB 1050.

**COMMUNICATION FROM GOVERNOR DOUG BURGUM**

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have vetoed Section 29 of House Bill 1015, the appropriations bill for the Office of Management and Budget.

Section 29 would eliminate the five-month extension approved for the Board of University and School Lands to begin meeting its obligations under the Administrative Agencies Practices Act. This veto restores the five-month extension.

The extensive effort required to bring the Board of University and School Lands into compliance as an administrative agency justifies extension of the effective date to January 1, 2018.

**COMMUNICATION FROM GOVERNOR DOUG BURGUM**

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have vetoed the last sentence of paragraph 2, Section 5 and all of Section 27 of House Bill 1020, the appropriations bill for the State Water Commission.

The portion of Section 5 that reads: "subject to budget section approval and upon notification to the legislative management's water topics overview committee." is vetoed. This sentence requires the Commission to seek budget section approval before transferring funding between the projects identified under paragraph 1, Section 5.

In *Kelsch v. Jaeger*, the North Dakota Supreme Court concluded the legislature may not delegate legislative powers to a subset of its members. 641 N.W.2d 100 (ND 2002). If enacted, the vetoed portion of Section 5 will interfere with the duties and responsibilities of the State Water Commission as defined under North Dakota law. NDCC § 61-02-04.

Section 27 of House Bill 1020 requires the Commission budget for the 2019-2021 biennium comply with NDCC §§ 54-44.1-16 and include line items for salaries and wages, operating expenses, capital assets, project carryover, new projects "and any additional line items as determined necessary by the commission or office of management and budget." NDCC § 54-44.1-04.

While well intentioned, these requirements will impair the duties and responsibilities of the Commission. Many water projects fit into multiple line item categories. Certain projects proceed slowly, delayed by legal, environmental, cost share and other factors driven by outside parties. The simpler budgeting format previously adopted and approved by the legislature gives the Commission a flexible and efficient model from which to work and should be retained.

As Chair of the State Water Commission, I will ensure our governing board prioritizes public transparency of project expenditures through regular and detailed reporting.

**COMMUNICATION FROM GOVERNOR DOUG BURGUM**

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have signed House Bill 1023, but vetoed sections 6, 7, 8, 9, 10, 12 and 13. HB 1023 is the appropriation bill for the North Dakota Public Employees Retirement System (PERS).

Sections 7, 9, 10 and 12 propose creating an entirely new legislative committee, the Public Employee Health Care Coverage Committee. This new committee is intended to study and make recommendations regarding, among other things, the terms of PERS requests for proposals for health insurance coverage. Section 13 refers only to sections being vetoed so it is no longer relevant.

Section 8 changes the scope of the Employee Benefits Programs Committee (EBPC) by eliminating its ability to consider legislative measures and proposals which impact health insurance, effectively splitting the review of employee benefits into two competing committees. Section 8 also eliminates any committee oversight during the 2017-2019 interim for retiree health insurance coverage. Retirement and health insurance benefits must be considered together in a unified, holistic way, along with salary and all other forms of compensation, to optimize value to both recipients and taxpayers as a complete package.

The North Dakota Century Code authorizes PERS to manage the retirement and insurance plans to ensure a comprehensive package of benefits that assists in the recruitment and retention of high-performing employees. Currently, 13 legislative members comprise the EBPC and two legislative members serve on the PERS Board of Trustees, providing significant legislative input to the process.

Section 6 forces early termination of the existing health insurance contract for PERS members on June 30, 2019, and proposes to restrict the next negotiated contract to a two-year period. It is an unproven hypothesis that a two-year, non-renewal contract period will produce lower rates from potential providers.

Under current law, the PERS Board of Trustees, in conjunction with the EBPC, holds the responsibility to assess market alternatives. We share the Legislature's interest in a competitive bid process for PERS health insurance coverage, whether fully or self-insured or a hybrid, that results in lower costs to the state. In addition, multiple future cost saving factors can be considered under our current provider contract.
