Capital Building Fund Program

The 2019 Legislative Assembly appropriated \$29 million for institution capital building funds for the 2019-21 biennium. The appropriation included \$10 million from Bank of North Dakota profits and \$10 million from institution \$1-to-\$1 matching funds appropriated directly to each institution for Tier II of the capital building fund program. The appropriation also includes \$7 million from Bank of North Dakota profits and \$2 million from the general fund appropriated to the University System office to be allocated to the institutions for Tier III of the capital building fund program once \$2 of matching funds have been secured for each \$1 from the state. Institutions could use their capital building funds for legislatively authorized capital projects and for extraordinary repairs and deferred maintenance projects which did not exceed \$700,000 and did not increase the square footage of a building.

The 2021 Legislative Assembly enacted the capital building fund program in statute, including a newly created University System capital building fund, and provided continuing appropriation authority from the fund. The Legislative Assembly did not continue the requirement that extraordinary repairs and deferred maintenance projects not exceed \$700,000. The Legislative Assembly transferred \$19 million from the strategic investment and improvements fund to the newly created University System capital building fund, \$10 million of which is subject to \$1-to-\$1 matching fund requirements and \$9 million of which is subject to \$2-to-\$1 matching fund requirements.
