December 2023

PROPOSED MAP #4

In support of the plaintiff's Section 2 claim in *Turtle Mountain Band of Chippewa Indians, et al. v. Howe*, CV 3:22-cv-00022-PDW-ARS, the Tribes produced two proposed plans containing alternative district configurations that demonstrate the Native American population in northeast North Dakota is sufficiently large and geographically compact to constitute an effective majority in a single multimember district. The map below is an alternative map that eliminates the subdistricts in District 9 and creates subdistricts in District 15.

In the map below, the boundaries of Proposed Map #4 are depicted in brown, and the existing district boundaries are in yellow. The compactness ([appendix](#)) of Proposed Map #4 meets the standards used by the committee when drawing the existing district map.
